Insurance Discount for Master Loggers

Gary Ascher, President, Loggers Insurance Agency, Inc., administrator for the Great Lakes Timber Professionals Association (GLTPA) endorsed commercial insurance program through Secura Insurance, Appleton, Wisconsin, announced a special insurance discount is now available to Wisconsin and Michigan Master Loggers.

Secured Insurance has a history of rewarding loggers and log haulers that actively practice safety. The Secura logging insurance program was developed by Ascher, in 1994 and since 1994 Secura has offered a special premium discount for loggers or log haulers who completed F.I.S.T.A. or other approved safety training. According to Ascher, after reviewing information regarding the safety and inspection program that is a critical component of the Master Logger Program, Secura decided to provide an additional premium discount for Master Loggers."

Master Loggers insured by Secura will now receive a 20% discount.

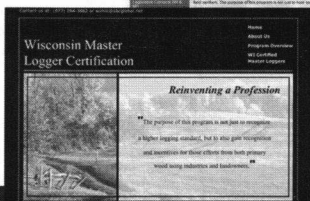

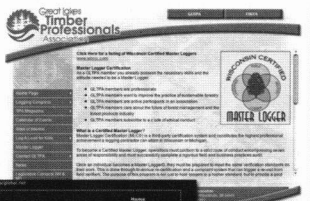

The Secura logger insurance program, which is administered by Ascher, provides innovative insurance coverage's to protect businesses in the forest products industry in Wisconsin and Michigan and throughout the Midwest. Secura pioneered "downtime coverage" which provides protection for rental reimbursement for both logging equipment and log trucks. Other coverage's include some of the highest insurance limits available for cross cutting losses or fire damage liability.

The Secura program is currently available to GLTPA members through Loggers Insurance Agency and Mauck Insurance Agency. Mauck has partnered with Loggers since 1998. Mauck offers the program to GLTPA members in the northeastern corner of Wisconsin and the Upper Peninsula of Michigan, while Loggers Insurance covers the remainder of Wisconsin. ▲
